

Scope Transport Carts (SVSTC5, SVSTC10)

The scope transport cart meets the needs of endoscopy and reprocessing departments, offering both functionality and flexibility to adapt to a facility's clinical processes. Carts come in two sizes and hold green and red trays with lids that serve as visual signals that the cart is transporting clean or soiled scopes. Clear and red disposable tray liner bags add another visual cue and layer of protection for clean and soiled scopes. The cart's Flexcell interiors are easy to configure and reconfigure and hold multiple trays.

The counter-height cart holds five scopes, and the taller version holds up to 10 scopes, maximizing the number of scopes it transports in a space-efficient footprint.

Trays are sized to hold extra-long scopes and additional supplies. Rounding out the transport system are a divided tray for smaller supplies and accessories that mount to the cart.

Scope Transport Carts (SVSTC5, SVSTC10)

Scope transport carts offer flexibility to fit into an endoscopy team's workflow.

Two cart sizes: taller cart holds up to 10 scopes and counter-height cart holds 5

Trays sized to hold endoscopes and additional supplies

Accessories add more customization

Antimicrobial cart top has a raised edge that keeps supplies and equipment from falling off

Durable trays and lids have smooth surfaces that ease cleaning. Trays, lids, and FlexCell interiors can be safely cleaned using common cleaners and disinfectants

Modular design of Flexcell interiors accommodates scope trays and divided storage trays and can be reconfigured

5" medical-grade full-swivel, locking casters improve mobility

Scope Transport Carts (SVSTC5, SVSTC10)

Dimensions (Nominal)

SVSTC5

Exterior: 20.25"w x 28.5"d x 40.25"h

Interior: 14.5"w x 25.25"d x 31"h

Weight: 65 lb

Interior Configuration: 20 FlexCells

SVSTC10

Exterior: 20.25"w x 28.5"d x 71.75"h

Interior: 14.5"w x 25.25"d x 62.75"h

Weight: 95 lb

Interior Configuration: 41 FlexCells

Note

Recommendation: Wipe trays after every use

Options

Order preconfigured carts and optional interior and side-mounted products separately.

Preconfigured carts:

SVSTC5-G - With 5 Green Trays and Lids

SVSTC10-G - With 10 Green Trays and Lids

SVSTC5-R - With 5 Red Trays and Lids

SVSTC10-R - With 10 red Trays and Lids

Accessories:

SST6G - 6"h Green Tray for Scope Transport Cart

SSTLG - Green Tray Lid

SST6R - 6"h Red Tray for Scope Transport Cart

SSTLR - Red Tray Lid

STD3 - 3"h Grey Tray with 3 Long and 3 Short Clear Dividers

SVSBC - Clean Scope Liner Bags for Scope Transport Cart, clear, package of 500

SVSBR - Soiled Scope Liner Bags for Scope Transport Cart, red, package of 500

SAPHV - Push Handles for tall Scope Transport Cart

SRDHV - Round Disinfectant Holder for Scope Transport Cart

SWBV - Waste Basket for Scope Transport Cart

SAMRSV - Side Accessory Mounting Rail for Scope Transport Cart

Product Numbers

SVSTC5 – Scope Transport Cart, holds 5 trays

SVSTC10 – Scope Transport Cart, holds 10 trays

Materials and Finishes

Base structure: Powder-coated steel

Corner extrusions: Clear anodized aluminum

Corner bumpers: Thermoplastic polymer (ABS plastic)

Work surface: Antimicrobial ABS thermoplastic polymer

FlexCell panels: Thermoplastic polymer (ABS plastic)

Casters: Nylon and steel
