

# WARMING CABINETS

## WITH DIGITAL CONTROL PANELS

### Features

- Our extensive lineup of Warming Cabinets includes:
  - Dual or Single Chamber
  - Tabletop
  - Under Counter
  - Built-in/Recessed
- Choice of glass or stainless steel self-closing doors comes standard.
- Cabinets allow for heat variances between 90° and 160°F with temperatures remaining within +/- 1° F of set point.
- Warming fan is located at the top interior of the cabinet allowing for improved heat circulation (no hot/cold spots) and bottom shelf storage.
- Digital panel settings can be locked with a key or passcode.
