

STAINLESS STEEL GLOVE BOX DISPENSERS

For a premium glove-dispensing solution, look no further than the CME Stainless Steel Glove Box Dispensers. By its nature, stainless steel is resistant to corrosion and oxidation, yet the bright, easily maintained surface provides a modern and attractive appearance. We offer several choices to make sure you can find the right fit for your unique space. Perfect for high traffic departments like the operating room, urgent care clinics and emergency rooms. These glove box holders are a great option for stocking a variety of glove sizes or the maximum amount of one size of gloves. Divided options offer independent compartments for easy box exchanges. Now when a middle or bottom box is empty, that's the only one you have to remove!

Features

- Choose Capacity: Single, Double, Triple or Quadruple
- Choose: Divided or Non-Divided
- Constructed of heavy duty, Stainless Steel
- Divided option offers compartments for each box
- The dispenser includes three-way keyholes for vertical or horizontal wall mounting, is pegboard compatible
