### MODEL MX977 - THE EXAM ROOM SCALE

Befour's **PREMIER** physician scale - **THE Exam Room Scale** - offers every feature you'd want in a stationary patient scale, including Opti-Height Technology.

Opti-Height enables fast and accurate height measurements through state-of-the-art design and expert engineering. The 360° ergonomic hand grip and robust headpiece ensures the smoothest, simplest and safest height measurement process available in healthcare. The measurement slide encompasses *Smart Position Technology* meaning it 'stays put' where last left so height rod is always in the ready position for the next patient.

Stability, safety and technology are at the forefront of engineering. An innovative 'dual axis tip-proof' design and integrated "active" handrail - which comes standard - provide unmatched safety. This free-standing, rock-solid, scale incorporates all-metal construction to deliver robust quality in a sleek, space-saving package.

**THE Exam Room Scale** features a 750 pound capacity, Befour's proprietary MotionLock technology, and ECO-Weigh power management system providing more than 100,000 weight readings on a single set of batteries.

All Befour scales are **built to last**, backed by an 'industry leading' **3-year warranty** and are **Made in the USA**
