

DASH APEX 4 SET-AND-LOCK STAT CENTRIFUGE

Part # 00-053-009-000

The DASH Apex 4 is a high-speed benchtop centrifuge designed to rapidly separate fluids in a syringe-type collection tube. Its compact size saves on bench space and allows samples to be moved easily around the lab.

Compact Size

Weighing only 4.3 lbs (1.95 kg) and measuring 7 in x 7 in x 7 in (18 cm x 18 cm x 18 cm), the DASH Apex 4 is the smallest model in the DASH STAT centrifuge family.

Easy to Use

The simple two-button interface makes it easy to select a preset. Use all three presets, or set and lock to a single cycle for maximum repeatability.

Reduce Turnaround Time

Eliminate wait time by using a centrifuge array in accessioning to eliminate queuing. The array takes advantage of the DASH Apex 4's compact size to allow samples to be spun as soon as they arrive.

Safe and Durable

Enjoy years of worry-free operation with the DASH Apex 4's brushless motor, reinforced carbon fiber components, and a two-year calibration guarantee. Enhance lab safety with imbalance protection and a shatterproof lid, which locks until the centrifuge has stopped completely.

A Great Value

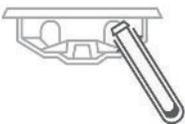

Start spinning samples right out of the box, no assembly or additional accessories required. Each centrifuge comes ready-to-run with a fixed angle rotor, universal tube holders, and 2-year warranty included in the affordable price. All units ship in 3-5 business days.

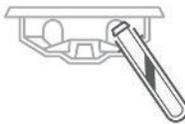

Fixed Angle Rotor

The Apex 4's fixed angle rotor is compatible with recommended IFUs for all common tube manufacturers, including Greiner and BD. Spin four tubes up to 6 mL, or 1.5-2 mL micro BD Microtainers.

Loading Angle

Rotation Angle

Applications	Max Speed	Max Capacity	Included	Warranty
STAT Chemistry, Coag, PPP	4,440 xg Max RCF 8,500 Max RPM	4 tubes up to 75 mm	Fixed Angle Rotor, Tube Holders	2 years Rotor: lifetime warranty

DASH APEX 4

Free 30-Day Evaluation (U.S. Only)

Part Numbers	
Centrifuge	00-053-009-000
Pediatric Tube Adapter, 1.5-2.0mL	03-1-0007-0059 (4 qty)
Stat Rotor Adapter, 13 x 75mm	7713064
1 yr Warranty Extension	03-0-0007-0003
2 yr Warranty Extension	03-0-0007-0004
3 yr Warranty Extension	03-0-0007-0005

Factory Settings			
	RPM	Time	G-Force
1st Setting/Cycle	8,500	30 sec	4,440
2nd Setting/Cycle	8,500	2 min	4,440
3rd Setting/Cycle	8,500	3 min	4,440

Specifications	
Sound level	59 dBA
Dimensions (W x D x H)	7 in x 7 in x 7 in (18 cm x 18 cm x 18 cm)
Weight	4.3 lbs. (1.95 kg)
Power	100 – 240 (+/- 10%) VAC – 50/60 Hz
Max Speed/G-Force	8,500 RPM/4,400 xg
