

IDEAS Assistive Wardrobe by Claflin

Do your residents' current closets make it difficult or unsafe for them to easily get their belongings out? Are they at risk of losing their balance? Looking for ways to incorporate culture change and person centered care into your program? Want to support resident safety and autonomy?

Developed and studied for 5 years by Dr. Margaret Calkins at IDEAS, the Assistive Wardrobe includes features that research has shown support the safety and independence of your residents. The wardrobe system is designed with durability, accessibility and flexibility in mind.

Features:

- 4 pull-out adjustable shelves
- 1 ruby red grab bar for greater stability
- 2 fully adjustable pull out clothing bars
- 4 fully adjustable drawers with "see-through" fronts
- 1 ruby red basket on the door for everyday items
- 1 door mirror and 1 clothes hook
- Fully adjustable – No tools required!
- Made in the USA

Dimensions: 36" W x 24" D x 76" H

Colors: Acajou Mahogany (AM), Bannister Oak (BO), Oiled Cherry (OC), Select Cherry (SC)
