What do you want in a sterilizer?

- Patented automatic opening door for fast instrument drying
- Fast and easy use for efficient instrument processing
- Reliable and effective for quality infection control
- Maximum space utilization and a complimentary design for your sterilization area

Our full line of sterilizers address all of your important critical cleaning needs. In fact, we’re sure you’ll find a Ritter sterilizer that’s just right for your practice.
Today, more than ever, you need products that are reliable and simple to use. The M9 couldn’t be easier and is time tested for reliability. You load it…set it…and forget it. Select your cycle and the time is set for you. Press “Start” and the M9 fills with the correct amount of water. Once the sterilization process is complete, the door opens automatically and quietly to dissipate the steam to give you fast drying time for your instruments. It’s real convenience!

Both the Ritter M9 UltraClave and Ritter M11 UltraClave sterilizers have easy front access for filling and draining and have controls that are easy to understand.
Sterilizers

Ritter M11 UltraClave® Automatic Sterilizer

The M11 is a larger addition to the Ritter line of automatic sterilizers with reliability and efficiency as one of its many assets. The M11, like the M9, features a door that opens automatically and quietly, making sterilization a set-it-and-forget-it procedure. Its unique 11” by 18” chamber gives it the distinction of the largest sterilizing capacity of any standard countertop sterilizer on the market, making it perfect for larger packs and instruments. The Steam–Flush Pressure Pulse Air Removal System is so efficient that it can pass the air removal tests required on more complex vacuum steam sterilizer systems, thus ensuring good steam penetration for proper sterilization. Plus less complexity means better reliability and a cost effective solution for your sterilization needs. An optional printer accessory, available on both the M11 and M9 UltraClave, provides records of the cycle, cycle time, temperature, and pressure. The M11…bigger and just as reliable.

*Cycle times do not include drying time.
Cycle times are approximate and may vary depending on instrument loads.
Preset drying time is 30 min. but can be programmable from 0 to 60 minutes.
The Right Thing to Do… For Your Staff and For Your Practice

You and your staff’s time is precious, so why waste it? Break free from your sterilizer with the reliable and efficient Ritter M9 and M11 UltraClave Automatic Sterilizers and spend your time on more important tasks. Make the industry-leading sterilizers your choice for sterilization and have peace of mind.

The Midmark Steri-Center offers the optimum in sterilization efficiency and storage. With its single direction instrument flow, there are no crossover storage issues to contaminate sterile instruments (available in 8’, 10’, or 12’ configurations). For all your casework needs, please ask for our full-line Midmark casework brochure.
Ritter M9 Specifications
Overall length w/plug: 20.4” (51.8 cm)
Overall width: 15.3” (38.9 cm)
Minimum Countertop area: 15.3” x 17.9” (38.9 cm x 45.4 cm)
Chamber:
9” diameter (22.9 cm)
15” depth (38.1 cm)
3.5 gal. usable volume (13.4 liters)
Trays:
Two large – 7.5” W x 12” L x .8” D
(19.1 cm x 30.5 cm x 2.2 cm)
Two small – 5.6” W x 12” L x .8” D
(14.3 cm x 30.5 cm x 2.2 cm)
Unit weight: 73 lbs. (33.1 kg)
Shipping weight: 81 lbs. (36.7 kg)
Water reservoir capacity: 1.4 gal. (5.3 liters)
Electrical Requirements
115 VAC, 50/60 Hz, 15 Amps
Single Phase
115 VAC has 1425 watt tubular immersion heater
UL61010A-1, UL61010A-2-041
CAN/CSA C22.2 No. 1010
CAN/CSA C22.2 No. 1010-2-041-96
Meets the requirements of ASME Boiler and Pressure Vessel Code
A separate (dedicated) circuit is recommended for this sterilizer
Optional Accessories
9A259001 - Impact Dot Matrix Printer
9A224001 - Sterilizer Deep Tray
9A226001 - Sterilizer Pouch Rack
9A307001 - Cool Hand Tool
(Tray & Cassette Removal Tool)
9A260001 - External Condensing Tank

Ritter M11 Specifications
Overall length w/plug: 23.8” (60.5 cm)
Overall width: 17.5” (44.2 cm)
Minimum Countertop area: 17.5” x 21.0” (45.2 cm x 53.3 cm)
Chamber:
11” diameter (28 cm)
18” depth (45.7 cm)
6.5 gal. usable volume (24.6 liters)
Trays:
Two large – 9” W x 15” L x 1.1” D
(22.9 cm x 38 cm x 2.9 cm)
Two small – 6.6” W x 15” L x 1.1” D
(16.8 cm x 38 cm x 2.9 cm)
Unit weight: 99 lbs. (44.9 kg)
Shipping weight: 131 lbs. (59.4 kg)
Water reservoir capacity: 1.31 gal. (4.9 liters)
Electrical Requirements
115 VAC, 50H, 5 Amps

The Ritter M9 and M11D AutoClave® Sterilizers
The Ritter M9 and M11D AutoClave Automatic Sterilizers, an economical option to the M9 and M11 UltraClaves, offer easy, effective sterilization. One button starts the cycle, then manually open the door within 30 minutes of completion to activate the dry cycle. This extra step is the only difference between the M9D and M11D and their fully automatic counterparts.

Ritter M9D and M11D AutoClave® Self-Contained Sterilizers
The speedy M7 is the perfect choice for anyone looking for an effective, manual sterilizer...at an unbelievably low price. It sterilizes both wrapped and unwrapped instruments, linen packs and glassware. From a cold start, unwrapped instruments take only 11½ minutes...starting hot, it’s just 9 minutes! The M7, the “workhorse of sterilizers,” is an investment that will last...and last.

Midmark is an ISO 9001 Certified Company.
