Key Access

# The Stanley® InnerSpace® Small Cart Advantage

- All Harmony® carts are built around a central design platform, utilizing the same base and top while sharing many common components
- Number of unique parts are reduced, enhancing overall design quality
- Extremely versatile—Harmony carts with drawers or Cell panels utilize the same removable plastic trays and baskets
- Integral brackets and slotted corner posts increase versatility by providing an easy means of attaching top- and side-mounted accessories

## FUNCTIONALITY

Full complement of accessories accommodates a variety of medical equipment and point-of-use storage needs.

## VERSATILITY

Use the Build-a-Cart option to create the custom cart that best suits your needs! Three drawer sizes house optional trays and dividers.

## SECURITY

Standard central key lock secures all drawers. Electronic keyless entry options take security to the next level (keypad, prox card, or ILS: Intelligent Locking System).

## SECURITY MANAGEMENT

Use ILS to program carts from any PCI. Add and delete users, adjust cart settings, and track user activity.

## CONVENIENCE

Pullout shelf expands work area and provides extra writing surface!

## DURABILITY

Precision-welded steel frames, ABS padded steel bumpers, thick aluminum posts, powder-coated panels.

## STYLE

Brushed aluminum corner posts, seamless work surfaces, integrated accessory mounting.

## MANEUVERABILITY

Heavy-duty 5-inch full-swivel ball-bearing plate casters (2 locking, 1 tracking) plus a low center of gravity.

# Stanley® InnerSpace® ILS: Intelligent Locking System

The right carts are an integral part of your clinical supply chain. Once you've selected your ideal small cart setup, these carts can have a tremendous effect on your bottom line, and their security is of the utmost importance. Physical keys are a thing of the past. The answer? ILS, today's most intelligent wireless locking system.

Engineered to save you money, time, and headaches, ILS small carts are part of a wireless web-based tracking system that allows cart access programming from any computer. Manage all user information from any PC!

## How does the ILS system work?

- Web-based interface allows you to edit users at any time from any computer
- Assign users to carts with one drag-and-drop
- Users can be deactivated from any or all carts
- Track user activity through a real-time audit trail

## What are the main ILS small cart features?

- Wireless network—no need to program individual carts
- Users can access carts via prox card or keypad code
- Will not interfere with existing hospital WiFi network
- Supports 8500 prox card credentials, plus another 1000 pin codes

## What benefits can I expect from the ILS system?

- Unparalleled level of cart security
- Reduced management time and effort
- Value-added reporting capabilities
- Minimal administrator training required
- Online battery alerts

## Why choose InnerSpace carts?

- User-friendly security options
- The ultimate in style, versatility, and maneuverability
- Wide range of drawer configurations, colors, and accessories
- Carts are guaranteed to suit your facility's unique needs

# Always stay connected...

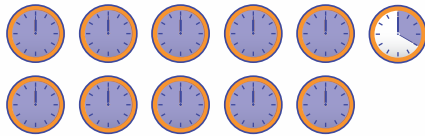

Because the ILS system is so easy to use, managing any number of carts and cart users is extremely simple. By connecting ILS small carts through a wireless system, InnerSpace gives you the power to control all user information from a single PC:

# ...and turn hours into minutes with ILS!

ILS small carts allow you to command and control cart access, ensuring supply security. Take a closer look at the dramatic time savings ILS small carts offer over the competition:

COMPETITOR	ILS
<b>Adding 50 users to 100 carts:</b>	

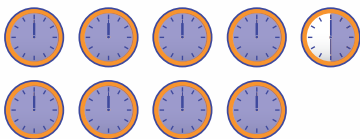

Estimated Time: 10 hours and 20 minutes

Total Time: 15 minutes

COMPETITOR	ILS
<b>New employee needs prox access to 100 carts:</b>	

Estimated Time: 8 and a half hours

Total Time: 15 minutes

# Small Cart Lineup

Designed to meet every one of your mobile medical requirements, Stanley® InnerSpace® small carts are available in your choice of four frame sizes or models (standard with preconfigured drawers). Standard features include 5-inch plate casters, central key lock, and pullout writing surface.

If custom carts are required, InnerSpace's Build-a-Cart option (Page 11) provides you with the power to configure your carts to your exact needs. A full complement of cart accessories is also available (Page 13).

## Harmony: Preconfigured

6321W4

6324W5

## Tray Trolley

- Interior accessories include locking drawers, trays and dividers, shelves, and wire baskets
- Standard easy-close locking drawer door
- Can be configured in numerous ways for a variety of procedural and storage needs
- Quick, easy access to all supplies
- 5-inch full-swivel casters, 2 with locks

Shown with optional accessories.

6327W6

6330W6

## Personal Workstation

Ideal for the lightweight transport of supplies or maneuvering in tight spaces, the Stanley® InnerSpace® Personal Workstation is a mere 20-5/8 inches wide and 20-5/8 inches deep. Work surface is height-adjustable from 35-1/2 inches to 46 inches.

Includes VUR2, VSS (2)

# Mini Carts

A slimmer version of the 6321W4 small cart, the Mini Cart is designed for small spaces such as under countertops, patient bedsides, exam rooms, and rooms with limited space. We've trimmed 4-1/2 inches off the height, almost 2 inches off the depth, and over 3 inches off the width.

- 3-inch full-swivel plate casters (2 with brakes, 1 with tracking)
- Optional flip-up writing surface
- 21" W (53.3cm) x 14-5/8" D (37.1 cm) drawer interiors

**6321MINI**  
Preconfigured, 4 Drawers  
Width: 24" (60.9cm)  
Depth: 19.6" (49.9cm)  
Height: 32" (81.3cm)

**6321MINIWN**  
Build-a-Cart, No Drawers  
Width: 24" (60.9cm)  
Depth: 19.6" (49.9cm)  
Height: 32" (81.3cm)

# Bedside Charting Accessories

Turn your small cart into a computer-compatible bedside charting and storage cart! Position cart as needed so you can communicate and chart while looking at the patient.

- Full-sized drawers can be used for patient personnel items, patient-specific supplies, or other items
- Order separate options as needed
- Lots of workspace, lots of storage space

**Laptop Version**  
Shown with height-adjustable laptop tray.

**Flat-Panel Version**  
Shown with height-adjustable keyboard tray, flat-panel arm, and flip-up writing surface.

**FPMA**  
Flat-Panel Monitor Arm

**VKB-1**  
Articulating Keyboard
